## **MEDIA RELEASE**

25<sup>th</sup> September 2002

### **Windsor to represent AFFA Committee at Water Conference**

Independent Member for New England, Tony Windsor will represent the Federal Parliament's Agriculture, Fisheries and Forestry (AFFA) Committee at the National Conference of Parliamentary Public Works and Environment Committees in Adelaide from 30<sup>th</sup> Sept to 2<sup>nd</sup> October.

The theme of the conference is "Water – Engineered Solutions and Environmental Consequences".

Mr Windsor said that the Conference would be a valuable information source for the AFFA Committee that was conducting an Inquiry into the provision of future water supplies for Australia's rural industries and communities.

The Conference will analyse water policy, environmental problems and possible engineering solutions.

Mr Windsor said that there would be representatives from all States of Australia with 2 representatives also attending from the New Zealand Government.

"I am very pleased to represent the AFFA Committee at this very important conference which I look forward to providing the participants and therefore Governments with ways of addressing our water issues in a balanced and sustainable manner," Mr Windsor said.
