## **MEDIA RELEASE**

### **One Tree Hill residents to meet Telstra Regional Manager over proposed tower**

Independent Member for New England, Tony Windsor has arranged for residents of the One Tree Hill area in South Tamworth to meet with the Telstra Country Wide Regional Manager Mr Malcolm Broad to discuss their concerns about a proposed new CDMA tower.

“I met with the concerned residents around the One Tree Hill Reservoir site yesterday (September 23) to discuss their issues about the proposed new CDMA tower to be constructed there.

It was a very fruitful meeting and I agree that they need more information and to have the opportunity to have their concerns discussed with representatives of Telstra Country Wide.

After the meeting with residents, I immediately contacted Telstra Country Wide Regional Manager Mr Malcolm Broad and I am very pleased to say that Mr Broad agreed to meet with the residents on site on October 6 at 10am and bring with him an electro magnetic emissions expert to hear the concerns of local residents, take them on board and answer their questions.

I thank the residents for drawing their concerns to my attention and I thank Mr Broad and Telstra Country Wide for their agreement to meet them.

I look forward to a mutually beneficial outcome from the meeting,” Mr Windsor said.
