\$1.945m for schools in New England

Independent Member for New England, Tony Windsor has received notification of \$1.945m of funding to 39 schools in the New England electorate from the Australian Government's Investing in our Schools programme.

Mr Windsor is pleased with the support to be provided to schools in the New England electorate.

"It is very pleasing that 39 schools in the New England electorate have been successful in their application for funding from the Australian Government 'Investing in our schools' programme.

The 109 Projects that have received funding cover a very broad range of infrastructure needs in the schools.

They include information technology upgrades, library needs, musical instruments, sporting fields and equipment, science laboratory equipment, sheds, air conditioning, machinery requirements and shade structures.

I'm sure that all the improvements funded will help enhance the educational opportunities and experiences of our children.

I thank the Government and the Minister for their recognition of the needs of the schools in the New England electorate and look forward to seeing the results of these improvements in infrastructure flowing through to our children," Mr Windsor said.
