19 October 2007

Tenterfield getting closer to receiving ABC Radio New England North West

The transmission of New England North West ABC Radio to the Tenterfield district is getting closer according to the Independent Member for New England Tony Windsor.

Mr Windsor has been liaising with ABC Radio network planners and is confident there will be a positive outcome announced soon.

“The people of Tenterfield have been lobbying for access to New England North West ABC Radio for quite a while now as they live in the northern part of the New England region but receive their ABC radio signal from Lismore.

Discussions have been taking place on a number of options.

I believe that the ABC radio network planners are working with the best of intentions to bring the Tenterfield ABC listeners into the fold of the New England North West ABC Radio and therefore be better in touch with their inland community of interest.

I am looking forward to an announcement soon as I’m sure the people of Tenterfield are too,” Mr Windsor said.
