Danthonia Healthcare gets a Doctor

Danthonia Healthcare, the health service attached to the Church Communities Australia between Inverell and Glen Innes has announced that a General Practitioner (GP) has joined their service alongside their dentist and physiotherapist.

The arrival of Dr Christopher Maendel, a Fellow of the Royal Australian College of GPs has been welcomed by the Independent Member for New England, Tony Windsor.

“I congratulate Danthonia Healthcare on the expansion of their service to now include a GP to complement the services of their dentist and physiotherapist.

As we all know, it is difficult to attract and keep doctors in country areas and I welcome Dr Christopher Maendel to the area and wish him well in his delivery of health care to the people of the region.

I’m sure that with the support of Church Communities Australia, Dr Maendel will find his role very rewarding.

I also encourage those in the broader community in need of medical assistance and who have found it difficult to get in to see a doctor locally to consider Dr Maendel’s services.

The service is open to all,” Mr Windsor said.
