## **MEDIA RELEASE**

11 June 2009

# **\$54m to New England Schools**

Round 2 of the Primary Schools for the 21st Century (P21) will see nearly \$54m invested into the Public and Private Schools in the New England Electorate.

The Deputy Prime Minister, Julia Gillard announced the successful schools yesterday with a further round to be announced in the near future as part of the Australian Government's Building the Education Revolution.

The Independent Member for New England, Tony Windsor has welcomed the announcement.

“Round 1 of the Primary Schools for the 21<sup>st</sup> Century announced in early May saw \$12.57m invested in fifteen schools in the New England Electorate.

Round 2 will see a further \$54m invested in another 70 schools in the electorate.

The funding will be used for the construction and refurbishment of major infrastructure, including libraries, multi-purpose halls and other much needed upgrades of facilities.

I have no doubt that this major investment in our education facilities will help enormously to educate our young people and make them better able to progress through to higher education opportunities.

I recognise and thank the Federal Government for their contribution to developing our young people,” Mr Windsor said.

**(A list of the successful schools is attached)**
